MEMORANDUM FOR DIANNA G. HOLLAND

FROM: JOHN G. ROBERTS *GRB*

SUBJECT: Ohio River Valley Water Sanitation Commission

I have reviewed the Personal Data Statements submitted by Jean M. Barren and Joseph D. Cloud for appointment as representatives of the United States on the Ohio River Valley Water Sanitation Commission. The President is authorized to appoint representatives to this Commission by Article IV of the Ohio River Valley Water Sanitation Compact, 54 Stat. 753 (1940). The Commission, composed of three Federal representatives and three representatives from each member state, is charged with reviewing and reporting on water pollution in the Ohio River Valley, and is empowered to issue orders against municipalities, corporations, and individuals with respect to the discharge of sewage or waste into the Ohio or its tributaries.

The Personal Data Statements for both Mrs. Barren and Mr. Cloud are straightforward, and reveal no conflicts that would preclude their appointment to the Commission.

MEMORANDUM FOR FRED F. FIELDING

FROM: JOHN G. ROBERTS

SUBJECT: Federal Representatives on Southern
Interstate Nuclear Board and Western
Interstate Nuclear Board

I have reviewed the PDS of William Doub, prospective appointee (PA) to serve as Federal representative on the Southern Interstate Nuclear Board, and Sherrie Cooksey has reviewed the PDS of Lawrence O'Donnell, for the same position on the Western Interstate Nuclear Board. These two boards were formed by interstate compact -- they are not Federal agencies -- and have non-regulatory functions, including gathering and disseminating information on atomic power in the respective regions, encouraging development and use of nuclear energy, organizing and conducting demonstration projects and training programs, and recommending changes in state laws and regulations. See P.L. 87-563; P.L. 91-461 (attached). The federal representatives have no vote.

In light of the general non-regulatory functions of the boards, I did not see any objection to going forward with Mr. Doub, and Sherrie did not see any objection to going forward with Mr. O'Donnell. Both Doub and O'Donnell, however, have interests in the energy area, as would be expected of appointees to boards such as these. We thought it advisable, in an abundance of caution, simply to reiterate to these prospective appointees the need to recuse themselves should (as seems unlikely) a particular matter with potential to affect their interests come before the board on which they will serve. In particular, we thought it appropriate to alert them in writing to the requirements of 18 U.S.C. § 208. Attached for your approval are the letters we propose to send.

Dear Mr. Doub:

We have reviewed the Personal Data Statement submitted in connection with your prospective appointment as Federal Representative to the Southern Interstate Nuclear Board. In light of the general non-regulatory functions of the Board, and your description of your client relationships and financial holdings, it is not likely that those relationships or holdings will present a conflict of interest with respect to your responsibilities on the Board. At the same time, however, you should be alert to possible conflicts of interest and recuse yourself from consideration of any particular matter before the Board in which you may be considered to have a financial interest, as required by 18 U.S.C. § 208. A copy of that provision is attached for your information.

If you have any questions in this regard, you should contact the appropriate agency ethics official or this office for guidance.

SOUTHERN INTERSTATE NUCLEAR COMPACT

PUBLIC LAW 87-563; 76 STAT. 249

[H. R. 10618]

An Act granting the consent of Congress to the Southern Interstate Nuclear Compact, and for related purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That:

It is hereby declared to be the national policy to encourage and recognize the performance of functions by the States with respect to the peaceful use of nuclear energy in its several forms. The Federal Government recognizes that many programs in nuclear fields can benefit from cooperation among the States, as well as between

the Federal Government and the States. The importance of the interstate compact as one means for promoting such cooperation is hereby declared as part of the intention of Congress, already expressed in part in Public Law 86-373, to facilitate the use of State jurisdiction in and over portions of the development and regulatory nuclear field.

Sec. 2. The Congress hereby consents to the Southern Interstate Nuclear Compact, which compact is as follows:

"ARTICLE I. POLICY AND PURPOSE

"The party states recognize that the proper employment of nuclear energy, facilities, materials, and products can assist substantially in the industrialization of the South and the development of a balanced economy for the region. They also recognize that optimum benefit from and acquisition of nuclear resources and facilities requires systematic encouragement, guidance, and assistance from the party states on a cooperative basis. It is the policy of the party states to undertake such cooperation on a continuing basis; it is the purpose of this compact to provide the instruments and framework for such a cooperative effort to improve the economy of the South and contribute to the individual and community well-being of the region's people.

"ARTICLE II. THE BOARD

"(a) There is hereby created an agency of the party states to be known as the 'Southern Interstate Nuclear Board' (hereinafter called the Board). The Board shall be composed of one member from each party state designated or appointed in accordance with the law of the state which he represents and serving and subject to removal in accordance with such law. Any member of the Board may provide for the discharge of his duties and the performance of his functions thereon (either for the duration of his membership or for any lesser period of time) by a deputy or assistant, if the laws of his state make specific provisions therefor. The federal government may be represented without vote if provision is made by federal law for such representation.

"(b) The Board members of the party states shall each be entitled to one vote on the Board. No action of the Board shall be binding unless taken at a meeting at which a majority of all members representing the party states are present and unless a majority of the total number of votes on the Board are cast in favor thereof.

"(c) The Board shall have a seal.

"(d) The Board shall elect annually, from among its members, a chairman, a vice chairman, and a treasurer. The Board shall appoint an Executive Director who shall serve at its pleasure and who shall also act as Secretary, and who, together with the Treasurer, shall be bonded in such amounts as the Board may require.

"(e) The Executive Director, with the approval of the Board, shall appoint and remove or discharge such personnel as may be necessary for the performance of the Board's functions irrespective of the civil

service, personnel or other merit system laws of any of the party states.

"(f) The Board may establish and maintain, independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the Board shall be eligible for social security coverage in respect of old age and survivors insurance provided that the Board takes such steps as may be necessary pursuant to federal law to participate in such program of insurance as a governmental agency or unit. The Board may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

"(g) The Board may borrow, accept, or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, person, firm or corporation.

"(h) The Board may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services (conditional or otherwise) from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize, and dispose of the same.

"(i) The Board may establish and maintain such facilities as may be necessary for the transacting of its business. The Board may acquire, hold, and convey real and personal property and any interest therein.

"(j) The Board shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations. The Board shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof, and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

"(k) The Board annually shall make to the governor of each party state, a report covering the activities of the Board for the preceding year, and embodying such recommendations as may have been adopted by the Board, which report shall be transmitted to the legislature of said state. The Board may issue such additional reports as it may deem desirable.

"ARTICLE III. FINANCES

"(a) The Board shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that jurisdiction for presentation to the legislature thereof.

"(b) Each of the Board's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. One half of the total amount of each budget of estimated expenditures shall be apportioned among the party states in equal shares; one quarter of each such budget shall be apportioned among the party states in accordance with the ratio of their populations to the total population of the en-

tire group of party states based on the last decennial federal census; and one quarter of each such budget shall be apportioned among the party states on the basis of the relative average per capita income of the inhabitants in each of the party states based on the latest computations published by the federal census-taking agency. Subject to appropriation by their respective legislatures, the Board shall be provided with such funds by each of the party states as are necessary to provide the means of establishing and maintaining facilities, a staff of personnel, and such activities as may be necessary to fulfill the powers and duties imposed upon and entrusted to the Board.

"(c) The Board may meet any of its obligations in whole or in part with funds available to it under Article II (h) of this compact, provided that the Board takes specific action setting aside such funds prior to the incurring of any obligation to be met in whole or in part in this manner. Except where the Board makes use of funds available to it under Article II (h) hereof, the Board shall not incur any obligation prior to the allotment of funds by the party jurisdictions adequate to meet the same.

"(d) Any expenses and any other costs for each member of the Board in attending Board meetings shall be met by the Board.

"(e) The Board shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Board shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Board shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual report of the Board.

"(f) The accounts of the Board shall be open at any reasonable time for inspection.

"ARTICLE IV. ADVISORY COMMITTEES

"The Board may establish such advisory and technical committees as it may deem necessary, membership on which to include but not be limited to private citizens, expert and lay personnel, representatives of industry, labor, commerce, agriculture, civic associations, medicine, education, voluntary health agencies, and officials of local, State and Federal Government, and may cooperate with and use the services of any such committees and the organizations which they represent in furthering any of its activities under this compact.

"ARTICLE V. POWERS

"The Board shall have power to—

"(a) ascertain and analyze on a continuing basis the position of the South with respect to nuclear and related industries.

"(b) encourage the development and use of nuclear energy, facilities, installations, and products as part of a balanced economy.

"(c) collect, correlate, and disseminate information relating to civilian uses of nuclear energy, materials, and products.

"(d) conduct, or cooperate in conducting, programs of training for State and local personnel engaged in any aspect of—

"(1) Nuclear industry, medicine, or education or the promotion or regulation thereof.

"(2) The formulation or administration of measures designed to promote safety in any matter related to the development, use or disposal of nuclear energy, materials, products, installations, or wastes.

"(e) Organize and conduct, or assist and cooperate in organizing and conducting, demonstrations of nuclear product, material, or equipment use and disposal and of proper techniques or processes for the application of nuclear resources to the civilian economy or general welfare.

"(f) Undertake such non-regulatory functions with respect to non-nuclear sources of radiation as may promote the economic development and general welfare of the region.

"(g) Study industrial, health, safety, and other standards, laws, codes, rules, regulations, and administrative practices in or related to nuclear fields.

"(h) Recommend such changes in, or amendments or additions to the laws, codes, rules, regulations, administrative procedures and practices or ordinances of the party states in any of the fields of its interest and competence as in its judgment may be appropriate. Any such recommendation shall be made through the appropriate state agency with due consideration of the desirability of uniformity but shall also give appropriate weight to any special circumstances which may justify variations to meet local conditions.

"(i) Prepare, publish and distribute (with or without charge) such reports, bulletins, newsletters or other material as it deems appropriate.

"(j) Cooperate with the Atomic Energy Commission or any agency successor thereto, any other officer or agency of the United States, and any other governmental unit or agency or officer thereof, and with any private persons or agencies in any of the fields of its interests.

"(k) Act as licensee of the United States Government or any party state with respect to the conduct of any research activity requiring such license and operate such research facility or undertake any program pursuant thereto.

"(l) Ascertain from time to time such methods, practices, circumstances, and conditions as may bring about the prevention and control of nuclear incidents in the area comprising the party states, to coordinate the nuclear incident prevention and control plans and the work relating thereto of the appropriate agencies of the party states and to facilitate the rendering of aid by the party states to each other in coping with nuclear incidents. The Board may formulate and, in accordance with need from time to time, revise a regional plan or regional plans for coping with nuclear incidents within the territory of the party states as a

whole or within any subregion or subregions of the geographic area covered by this compact.

"ARTICLE VI. SUPPLEMENTARY AGREEMENTS

"(a) To the extent that the Board has not undertaken an activity or project which would be within its power under the provisions of Article V of this compact, any two or more of the party states (acting by their duly constituted administrative officials) may enter into supplementary agreements for the undertaking and continuance of such an activity or project. Any such agreement shall specify its purpose or purposes; its duration and the procedure for termination thereof or withdrawal therefrom; the method of financing and allocating the costs of the activity or project; and such other matters as may be necessary or appropriate. No such supplementary agreement entered into pursuant to this article shall become effective prior to its submission to and approval by the Board. The Board shall give such approval unless it finds that the supplementary agreement or the activity or project contemplated thereby is inconsistent with the provisions of this compact or a program or activity conducted by or participated in by the Board.

"(b) Unless all of the party states participate in a supplementary agreement, any cost or costs thereof shall be borne separately by the states party thereto. However, the Board may administer or otherwise assist in the operation of any supplementary agreement.

"(c) No party to a supplementary agreement entered into pursuant to this article shall be relieved thereby of any obligation or duty assumed by said party state under or pursuant to this compact, except that timely and proper performance of such obligation or duty by means of the supplementary agreement may be offered as performance pursuant to the compact.

"ARTICLE VII. OTHER LAWS AND RELATIONS

"Nothing in this compact shall be construed to—

"(a) Permit or require any person or other entity to avoid or refuse compliance with any law, rule, regulation, order or ordinance of a party state or subdivision thereof now or hereafter made, enacted or in force.

"(b) Limit, diminish, or otherwise impair jurisdiction exercised by the Atomic Energy Commission, any agency successor thereto, or any other federal department, agency or officer pursuant to and in conformity with any valid and operative act of Congress.

"(c) Alter the relations between and respective internal responsibilities of the government of a party state and its subdivisions.

"(d) Permit or authorize the Board to exercise any regulatory authority or to own or operate any nuclear reactor for the generation of electric energy; nor shall the Board own or operate any facility or installation for industrial or commercial purposes.

"ARTICLE VIII. ELIGIBLE PARTIES, ENTRY INTO FORCE AND
WITHDRAWAL

"(a) Any or all of the states of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia shall be eligible to become party to this compact.

"(b) As to any eligible party state, this compact shall become effective when its legislature shall have enacted the same into law: provided that it shall not become initially effective until enacted into law by seven states.

"(c) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall become effective until the governor of the withdrawing state shall have sent formal notice in writing to the governor of each other party state informing said governors of the action of the legislature in repealing the compact and declaring an intention to withdraw.

"ARTICLE IX. SEVERABILITY AND CONSTRUCTION

"The provisions of this compact and of any supplementary agreement entered into hereunder shall be severable and if any phrase, clause, sentence or provision of this compact or such supplementary agreement is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact or such supplementary agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact or any supplementary agreement entered into hereunder shall be held contrary to the constitution of any state participating therein, the compact or such supplementary agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. The provisions of this compact and of any supplementary agreement entered into pursuant hereto shall be liberally construed to effectuate the purposes thereof."

Sec. 3. Pursuant to article II(a) of the Southern Interstate Nuclear Compact, there shall be one representative of the Federal Government on the Southern Interstate Nuclear Board. The representative shall be appointed by the President and he shall report to the President either directly or through such agency or official as the President may specify. His compensation shall be in such amount not in excess of \$100 per diem, as the President shall specify, but the total amount of compensation payable in any one calendar year shall not exceed \$15,000: *Provided*, That if the representative be an employee of the United States, he shall serve without additional compensation. The compensation, travel expenses, office space, stenographic, and administrative services of the representative shall be paid from any available appropriations selected by the head of such agency or agencies as may be designated by the President to provide such expenses.

APPROPRIATIONS, 1963

P.L. 87-564

Sec. 4. The Atomic Energy Commission; the National Aeronautics and Space Administration; the Secretary of Health, Education, and Welfare; the Secretary of Commerce; the Secretary of Labor; the Secretary of Agriculture; and the heads of other departments and agencies of the Federal Government are authorized, within available appropriations and pursuant to law, to cooperate with the Southern Interstate Nuclear Board.

Sec. 5. Copies of the annual reports made by the Southern Interstate Nuclear Board pursuant to article II(k) of the Southern Interstate Nuclear Compact shall be transmitted to the President and to the Joint Committee on Atomic Energy of the Congress.

Sec. 6. The consent to the Southern Nuclear Compact given by this Act shall extend to any and all supplementary agreements entered into pursuant to article VI of such Compact: *Provided*, That any such supplementary agreement is only for the exercise of one or more of the powers conferred upon the Southern Interstate Nuclear Board by article V of such compact.

Sec. 7. The right to alter, amend, or repeal this Act is expressly reserved.

Sec. 8. The right is hereby reserved to the Congress or any of its standing committees to require the disclosure and furnishing of such information or data by the Southern Interstate Nuclear Board as is deemed appropriate by the Congress or any such Committee.

Approved July 31, 1962.
